

Allround Window Cleaner

Cleaner for glass, paint and polycarbonate surfaces

The ready-to-use cleaner is suitable for glass, paint and polycarbonate surfaces both inside and outside the boat. Thanks to its mild formulation, it can be used to clean boat windows (hull, sprayhood or tarpaulin), painted surfaces and plastics. Easily removes everyday dirt such as oil, grease and environmental contaminants that prevent a clear view. Removes streak-free and improves the gliding effect of the cleaning cloth thanks to the gloss and smoothing additive.
