

Hydro Plast Care

Water-Dilutable Plastic Care

A water-dilutable plastic care concentrate with a subtle vanilla fragrance for refreshing plastic and rubber parts for the interior and exterior. Hydro Plast Care is free of solvents and the gloss level can be adjusted by diluting with water. Surfaces are protected against soiling and UV radiation while maintaining a factory finish.

page 1 of 1

Areas of use

Interior and exterior plastic and rubber surfaces such as cockpits, door panels, tires, and bumpers.

Recommendations for use

Apply evenly straight or diluted to the surfaces using a spray bottle or sponge. Allow to dry and wipe with a microfiber towel if necessary.

Straight or 1:1 = High gloss

1:2 = Medium gloss

1:3 = Satin finish

1:4 = Natural

Container

Container	Item no.
1 L	476001
5 L	476005

Warnings

Shake before use.

Protect from frost and excessive heat.

Check for suitability and compatibility before use.

Do not apply to surfaces where smoothness is undesirable, e.g. pedals, steering wheel, tire tread.

Do not apply to displays or polycarbonates.
